Stainless steel, G10 and AXIS function converge into an almost immortal state of reality. Your hand tenaciously conforms to the predisposed curvature of the handle. Two unique blade designs open up to run the gamut of cutting tool utility. Its brute

## 722 PARDUE

No secrets here. It's a takeoff of the 720 AXIS lock design. A staunch Tanto blade shape offers you ample tip strength and a rugged cutting edge to get things done. The G10 handle is more forgiving when it comes to hiding the reality of the job, too.
