

LHK[®]

KNIVES

THE **HK** LINE

HK® is a name synonymous with superior quality and performance based innovation, founded over the years on a No Compromise® attitude. When Heckler & Koch looked to adding knives to the line, the criteria was unchanged.

Benchmade takes pride in offering a complete line of knives under the HK brand. The knives presented on these pages were designed, engineered and built to deliver the same high-speed, low-drag performance HK is known for.

If you know Benchmade knives, you are going to want to see these designs, and if you are new here, you are in for it. Patented functional technologies like AXIS® locking mechanisms, push-button autos with integrated safety, and the lightning fast Nitrous™ assist opener.

Manufacturing tolerances on par with the aerospace industry provide a go together fit and finish, unparalleled throughout the professional use knife world. Back it up with service and a lifetime warranty that proves you stand behind what you do - that's a No Compromise attitude.

Few things in this world that are worthwhile ever come easy, and the reputations of Heckler & Koch and Benchmade are living proof. A world-renowned reputation for industry leading qualities was built over years of determination to do the right thing —

HK 14100

SPECIAL SERVICES

LIFESHARP® SERVICE

There's never a dull moment with a HK... That's right! We will gladly resharpen your HK knife to a factory razor sharp edge (service does not apply to any serrated portion of the blade). If you prefer us to sharpen your blade, or if you may have neglected to maintain your edge for a while, simply ship your knife to us. We'll not only sharpen it, we will also inspect the knife for any warranted repairs and "tune" the knife for optimum performance. Simply ship the knife to the Benchmade address, postage paid and insured. Please enclose your return shipping address with \$5.00 to cover return shipping charges.

THE WARRANTY

LIMITED LIFETIME WARRANTY

Benchmade Knife Company, Inc. ("Benchmade") warrants to the original owner that this knife will be free from defects in materials and workmanship. Benchmade will, without charge, repair or replace, at Benchmade's option, any knife returned for Warranty work and found to be defective by Benchmade. The knife must be shipped by owner prepaid and insured freight, together with a description of the problem, and must be accompanied by the original bill of sale, your charge or credit card receipt or any satisfactory proof of the original date of purchase from a retail dealer. Any automatic knife returned for Warranty service from outside of Oregon must also include a copy of the owner's active police or military identification, or be returned through the authorized Benchmade dealer from whom the knife was originally purchased.

NO EXCEPTIONS WILL BE MADE.

WHAT IS COVERED?

This Warranty covers replacement parts and labor.

WHAT IS NOT COVERED?

This Warranty does not cover normal wear, resharpening of the blade, damage caused by neglect, misuse or the failure to perform normal or necessary maintenance, disassembly of any knife by any person other than Benchmade's HK Warranty department, or shipping costs for returned knives.

Do not use your new knife as a screwdriver, prybar, chisel or punch. Do not throw your knife or use it for any purpose other than cutting. Do not disassemble your knife. Do not sharpen your knife on a power grinding wheel. Any of these acts will void your Warranty. **MINIMUM CHARGE TO REASSEMBLE A KNIFE WHEN THE WARRANTY HAS BEEN VOIDED IS \$20 PLUS PARTS.**

Repair or replacement as provided under this Warranty is the exclusive remedy of the consumer. HK or Benchmade shall not be liable for any incidental, reliance, or consequential damages or breach of implied Warranty on this product, including any damage to person or property. Benchmade's liability under any circumstances is limited to the purchase price. Some states do not allow exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This Warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

This knife has only one use, as a cutting tool. HK's knives carry no warranty except as expressly contained herein. HK and Benchmade disclaims all warranties of merchantability and fitness for a particular purpose other than for use as a cutting tool. There are no warranties which extend beyond the description contained herein.

Please review the Warranty information and proper knife care instructions provided with each knife.

ORDERING OF AUTOMATIC KNIVES

Automatic knives are available for sale in Oregon state. All orders for automatic knives must be on departmental purchase order or letterhead with wording to the effect that the knives will be used as duty items. All orders for automatic knives must be faxed or mailed. We cannot accept phone orders for automatic knives. The sales of automatic knives is Federally regulated (refer to catalog inside cover for Federal Statutes), always check permissibility within your state or locality as non-Federal personnel may be precluded from ownership or use by State laws. **NO EXCEPTIONS WILL BE MADE.**

SHIPPING OF AUTOMATIC KNIVES

All AUTOMATIC knives shipped by Benchmade will be done via the following couriers, UPS, FedEx, etc. and CANNOT be shipped through the U.S. Postal Service. Also please note that all returns of automatic knives must be shipped via alternate couriers, UPS, FedEx, etc. This is in accordance with the policies of the U.S. Postal Service. Thank you.

ARE HK ASSIST OPEN KNIVES LEGAL?

The way that the HK assist opener knives are designed and built, they are not considered an automatic or switchblade under Federal interpretations. The Optimiser® and new Nitrous™ assist mechanisms must be initiated with the user manually overcoming the pull of the torsion bar or, split liner systems to activate the assist function. This is done through the use manually or, physically having to engage the blade first before opening. And, as an added safety feature, the HK assist openers must have their blades rotated open to an approximately 20° to 30° open angle BEFORE the assist engages. This eliminates the need and complication of a secondary safety mechanism.

Even though the HK assist opener models are not classified as automatics or switchblades, it is still recommended that the user research and verify the legalities in their own specific areas. Knife laws and regulations are subject to local interpretations and may change frequently.

The purchase, use and ownership of knives is subject to a wide variety of local laws and regulations. It is impossible for Benchmade Knife Company to know or interpret all of these laws. It is the responsibility of the buyer to be aware of the laws which govern them in their specific area wherever that may be. We encourage the responsible ownership and use of knives as one of mankind's oldest tools. Be smart and be safe.
