2012 CATALOG

As anyone who rides a Harley® will tell you, a Harley-Davidson® is more than a motorcycle. It's a statement to the world of exactly where you stand.

To a life less ordinary, where there's nothing between you, two wheels and a stretch of road that goes on forever.

This spirit of individualism is also the hallmark of those who appreciate a Benchmade. For over two decades, we've been committed to designing and manufacturing world-class sports cutlery. Our

Harley-Davidson® Knives line-up combines leading innovation, sophisticated technology and superior materials.

The result is a collection of edged tools that are built for extreme performance.
